MAXIMIZING ACCESS TO CARE

A free education program and dinner for MS Patients

Navigate your way through the world of MS Health Care

With the cost of healthcare going up, insurance companies are beginning to *direct* patient treatment, not just cover it. In this program, we will cover the importance of a healthcare team; effectively appeal adverse coverage decisions; and how and where to get health and human services support.

EVENT DETAILS:

Sunday, July 23, 2017
6:00 PM – 8:00PM

Join us at:

Muddy Rudder
